

HULYA ZORLU

Product Designer & Business Strategy

zorluu.hulya@gmail.com | +33 6 25 96 42 57 | [LinkedIn](#)

Paris | Open to international opportunities

PROFILE

Holder of a Master's degree in Data Analytics and Marketing Management and a certification in Web Design & Development (UX/UI), I bring a multidisciplinary background combining business, data, and user experience. My academic and project experience has enabled me to develop a strong understanding of user needs, business objectives, and digital product development. I enjoy translating insights into practical solutions and collaborating with cross-functional teams to create meaningful and user-centred digital experiences.

PROFESSIONAL EXPERIENCE

Jury Prize, Hackathon July 2026

Crosslines, La Toile x emlyon business school, Paris

- Designed Crosslines end to end: user research, wireframes and Figma prototype, design system and interface, through to the pitch. A collaborative web platform recognised for its functional relevance and user-centred design.

UX Project Manager Mar 2023 - Sep 2024

TANKE, Influence Marketing Agency, Paris, France

- Researched and analysed user needs for the Tribz mobile app, translating them into product recommendations and UX improvements.
- Redesigned the onboarding flow from user research: +15% sign-up rate and -25% product analysis time.
- Interface between product, design and technical teams in an Agile/Scrum framework (user stories, backlog prioritisation).

Strategic Planner Sep - Dec 2022

AustralieGAD, Advertising Agency, Paris, France

- Data-driven strategic recommendations and competitive benchmarks for CIC, Banque Transatlantique and Optique 2000, presented to key stakeholders.
- +12% campaign performance through audience analysis and strategic briefs.

International Liaison Officer Jul - Aug 2024

Olympic Broadcasting Services, Paris 2024 Olympic Games

- Coordinated international stakeholders in a demanding, deadline-driven environment.
